

## WSBA Recorded Seminars

WSBA is a leader in presenting timely and topical continuing legal education seminars taught by experienced Washington practitioners. The recorded versions of these seminars are equally valuable – as of January 1, 2016, there is no longer a requirement of live credits; all of the 45 CLE credits Washington attorneys must report every three years may come from recorded seminars.

Choose from hundreds of full-day seminars or select individual segments of a seminar that interest you the most.

WSBA-CLE recorded seminars are available in the following formats:

### MP3 Audio Seminars

These AUDIO ONLY files are downloaded directly to your computer. From there, burn it to a disc or save it to a mobile device so you can get credits on the go.

### Video Seminars

These video seminars are streamed directly to your computer via the Internet.

### Recorded Seminar Bundles

A bundle is a curated collection of recorded CLE content in a specific practice area. Offered at a significant discount from the Ethics combined cost of the individual seminar components, each bundle provides both Law & Legal Procedure and Ethics CLE credit.

Once you have completed your purchase, products will automatically appear on your “My CLE” page. All WSBA recorded seminar purchases include a PDF version of the coursebook.

**Important Note:** You are responsible for self-reporting all credits from recorded seminars; WSBA will **NOT** report your credits. For your convenience, instructions on reporting credits, including the MCLE Activity ID, are provided with each purchase.
